

You're about to discover a  
hidden pile of cash – right in  
your own home...

Cash that's yours for the  
finding...

Cash that your insurance  
company has been **hiding**  
**from you...**

Let me ask you  
something... Is your home  
in perfect condition?

No cracked tiles?

No cracked tiles?  
No mold?

No cracked tiles?

No mold?

No missing roof shingles?

No cracked tiles?

No mold?

No missing roof shingles?

No cracked or broken  
siding?

No cracked tiles?

No mold?

No missing roof shingles?

No cracked or broken  
siding?

No water, fire, hail or wind  
damage...

No cracked tiles?

No mold?

No missing roof shingles?

No cracked or broken  
siding?

No water, fire, hail or wind  
damage... **ever???**

What I'm about to share  
with you, **the insurance  
companies DON'T WANT  
YOU TO KNOW...**

In fact, if you come back tomorrow, **this video may be gone...**

So stick with me for a few  
minutes here as I reveal  
how to find a hidden pile of  
cash in your home...

**WHILE YOU STILL CAN.**

You see, your insurance company is legally, ethically and morally required to reimburse you for ANY damage to your home that's covered under your policy.

However...

They are NOT required to make it clear to you **exactly what you are entitled to** as the holder of that policy...

And most attorneys don't know property damage well enough to defend you against the big guns that only a big insurance company can afford...

So if you're like most homeowners with property insurance, **you're probably not fully aware** of your full rights under the law...

And that's good for the  
insurance companies...

But not so good for you.

Until now...

You see, here at Phoenix Home Claims Service, we specialize in helping homeowners just like you get the full value they are entitled to from their insurance company.

Our associates are fully  
licensed in the State of  
Maryland...

And in eight out of ten of  
the homes we inspect, there  
are damages **that can and  
should be claimed...**

That can result in a check from your insurance company for thousands, or even tens of thousands of dollars to you, **in your name**, to deposit in your bank account.

No hidden fees...

No risk that your insurance company will cancel your policy for filing a claim.

You don't even have to  
actually repair the  
damage...

**It's entirely up to you** what  
you do with the money.

You can pay down your  
mortgage...

Buy a new car...

Save for your children's or  
grandchildren's college  
tuition...

Or, heck – Take that  
vacation to the Bahamas  
you've been daydreaming  
about.

Here's how it works...

One of our highly trained  
and certified professional  
property inspectors will  
examine your house from  
rooftop to foundation...

We check for water, hail,  
wind, mold, fire, flood,  
smoke, vandalism and  
**every possible form of**  
**damage** to your home, both  
inside and out...

So that you can receive a  
check – and possibly quite  
a big one...

Within a few weeks.

All you need to do is **click**  
**the big orange button** below  
to get started.

waiting for you to claim it.

licensed in the State of  
Maryland...

...and have been helping  
homeowners just like you  
for over four years now...

**ZERO** risk to you.

news...

If and when we do find one or more items you can claim, **we'll take care of everything for you.**

**ALL WITH ABSOLUTELY NO  
OUT OF POCKET  
EXPENSE TO YOU!**

You see, because we work  
for and represent you, like  
an attorney, we are  
compensated based on  
results...

We are paid based on a percentage of your claim, leaving most of it for you.

And **saving you the  
incredible hassle** of dealing  
with insurance companies,  
lawyers and banks...

But **take action now.**

As you can imagine, the insurance companies don't like us helping homeowners.

They'd just as soon keep  
raking in the profits...

And making their Wall Street  
bankers and fat cat investors  
even richer than they already  
are...

All at YOUR expense.

still can.**
