Remodel it YOUR Way — with an Expert at Your Side.

That new basement finish, large remodel or room addition is calling you...

You've waited long enough to improve your outdated home.

But you've heard the horror stories...

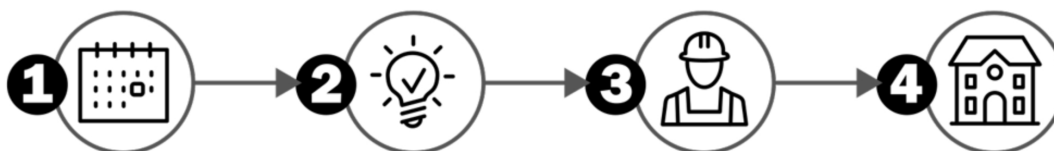

Feeling out of control in your own home... Unexpected problems with no one to guide you... Cost overruns... And then feeling disappointed in the outcome after all the effort and expense.

It's time for a new way to remodel your home.

With Owner Assist Remodeling, you can renew your home YOUR way... Affordably, transparently and in full control from start to finish.

Why Pay a General Contractor as Much as 50% When You Can Have a Design-Build Consultant at Your Side With ZERO Markup?

How Owner Assist Remodeling Helps You Every Step of The Way

1. Schedule a free consultation where we'll listen to your dreams.

2. We help you plan and design a remodel you'll love for years to come.

3. We'll help you get bids from reliable tradesmen and suppliers and create an accurate budget.

4. We help you orchestrate construction of the project from start to finish.

What DIY Owner-Builders are Saying about Owner Assist Remodeling

”

“It was fantastic having someone in my corner.”

Owner Assist Remodeling helped add a 4th bedroom to our home. Bill was extremely thorough when scheduling our contractors.

I thought I could handle the scheduling, but it was fantastic having someone in my corner making sure everything went smoothly. Bill is an expert at what he does. He makes you feel at ease while contractors are coming and going.

Even when we experienced some issues he stepped right in and got it handled. Five stars for Bill and Owner Assist Remodeling. I look forward to working with you again for our kitchen.

Tony B., Arvada

”

“Like a remodeling concierge”

Bill helped us with a major remodel of our basement.

We figure we saved a lot of time and money using Owner Assist Remodeling over using a traditional high-profit margin company.

Bill was creative, flexible and patient to work with...Think of him like a remodeling concierge.

Jamie B., Westminster

”

“You can do as much or as little as you want!”

We are in the middle of converting our loft into an office with Bill's help. He has been absolutely wonderful! The communication is great and he thinks of all the little details that we might not have thought of.

The framer and electrician that he recommended have just been spectacular....really nice guys that completed their work efficiently and in a very timely manner.

I have no doubt the rest of this project will flow smoothly and be so much less stressful than if we had tried to do it all ourselves. We love that you can do as much or as little as you want! I would HIGHLY recommend Bill to anyone!

Renae S., Broomfield

Discover the Benefits of Acting as Your Own General Contractor. With Owner Assist Remodeling, You're in Charge.

Owner Assist Remodeling

The unique new way to confidently plan,

price and manage the construction or substantial improvements to your home such as a basement finish, whole house remodel, kitchen relocation, room addition, pop-top, or even a new custom home.

Total transparency

Enjoy total transparency — you're in charge and 100% informed on what's going on every step of the way.

heard about! No need to hire a more expensive and less transparent remodeling company, builder or general contractor.

Flexibility

You have the option to do part of the work yourself or hire someone you know. Once the drywall and/or cabinet and trim install is complete, you can even take over and finish the project on your own.

Job well done

You'll be delighted with the absolute professionalism with which you're treated, how the job is handled and the resulting remodel to your home that you'll enjoy for years to come.

What Will Your Dream Remodel Look Like?

Here are just a few of the projects we've helped our clients build.

Why Savvy DIY Owner-Builders Choose Owner Assist Remodeling

Practical Consulting for Any Major Home Remodel or Building Project

Homeowners acting as their own general contractor often realize there are limitations to their construction knowledge and expertise. They discover it's more challenging than they thought to find reliable trade contractors, and wrangle all the scheduling, expense management and attention to detail that it takes to get the remodel they'd hoped for.

But hiring a general contractor means handing over control of the project — and substantial additional cost.

And often, because of the way the relationship is structured, their interests are at odds with yours. As costs rise, so does their percentage. And they can decide to cut expenses by cutting corners. All of which is out of your control once you place your trust in them.

Discover the Owner Assist Remodeling Difference.

Owner Assist Remodeling takes the worry out of renovating your home by putting a trusted professional on your side. Instead of surrendering control, or trying to manage a project that can get out of control quickly, savvy homeowners today are discovering the absolute delight of having an Owner Assist Professional in their corner.

Your Owner Assist Remodeling Professional guides you through planning, design and construction management. You feel GREAT about both the

Owner Assist Remodeling is not for everyone. If you need a hall bath or minor kitchen remodel done, we recommend hiring a remodeling carpenter who can do most of the work for you.

But for any remodel involving multiple trades, we'll help you with great design ideas for basement finishing... whole house remodels, room additions... pop-tops... even building a whole new house from scratch.

For most homeowners, remodeling is a big expense and a major undertaking. Don't let it become a nightmare of cost overruns, out of control contractors, frustrating delays and sleepless nights wondering how to overcome the inevitable problems that arise...

Let us show you how easy, stress-free and affordable it can be when you have an expert at your side.

Take advantage of our 30-plus years of home remodeling and renovation experience to enjoy the remodel of a lifetime, and the home renovation of your dreams.

wonderful transformation taking place in your home, and the amazing results you can achieve.

Your Owner Assist Remodeling Guide will deal with the trades, scheduling and quality control, allowing you to experience great peace of mind. With OAR, you'll completely avoid some of the expensive pitfalls and negative experiences you've heard so much about.
